Spin-Off TER Chemicals GmbH & Co. KG Supplier Information

Dear Suppliers,

We would like to inform you that as of January 1, 2023, we will transfer the chemical raw materials and specialty chemicals business existing between you and TER Hell & Co. GmbH to the following company – the:

TER Chemicals GmbH & Co. KG

In the past, you have known our activities here under the name TER Chemicals Distribution Group. With the spin-off to an independent company, we want to strengthen the presence and identity of our chemicals business as one of the business divisions of the TER Group and sharpen our position in the market.

The processes and your contacts at TER Hell & Co. GmbH will remain to be the same in the new company, so that you may continue, as always, to rely on our know-how and our service quality.

TER Chemicals GmbH & Co. KG is a wholly owned subsidiary of TER Hell & Co. GmbH. The transfer will take place in accordance with the German Reorganization Act (Umwandlungsgesetz) by means of a spin-off. All contracts previously concluded with TER Hell & Co. GmbH will be transferred to TER Chemicals GmbH & Co. KG by way of universal succession and will be served and fulfilled by the latter company in the future. You do not need to take any action here.

We request that you use the new company and its name **for deliveries, invoices and documents as from January 1, 2023.**

Liabilities of TER Hell & Co. GmbH existing beyond January 1, 2023, i.e. your invoices with invoice dates prior to January 1, 2023, will be settled as usual by

TER Hell & Co. GmbH; the outstanding liabilities will not be transferred to TER Chemicals GmbH & Co. KG.

For further information, please refer to the current press release in the News section on our homepage www.terchemicals.com.

Please note that effective January 1, 2023, our email addresses for all TER Chemicals Distribution Group employees will also change to the domain @terchemicals.com.

Please do not hesitate to address your usual contact persons or Florian Gericke in case of any further queries you may have.

We look forward to a continued good cooperation.

Yours sincerely,

TER Hell & Co. GmbH
Christian Westphal
CEO TER Group

Andreas Früh
CEO TER Chemicals
